## WEEK IN REVIEW:

**Tuesday:** The crew worked in the shops as normal. We also had a few good bites of food as a crew. Cliff worked on a sign for the El Dorado, Bert continued work on his motor car roof, Richard and Heather painted, while Mike, Pat and Gene did some good work around the shop. Also on Tuesday the weed crew was out and about busy on the Hood line cutting the brush and mowing the weeds. Good work everyone.

**Thursday:** More of the same in the shops. There was more painting on the ties shear. Heather and Richard worked on the scarifier, putting the floor back in the operator cab and preparing the roof for painting again.

**Saturday:** This was a real clean up day. Most of the crew worked down at Setzer cleaning out an overloaded dumpster filled with pampas grass, asphalt, and strangely enough dirt. After a full day of digging, pulling, pushing, lifting, throwing, and sweating, we were able to clean enough out that the crew felt the City could give the old college try and take the dumpster away. Meanwhile, Sandy was back at the shop cleaning up ties and other material from the west side of the shops. Good job to everyone.

## WEEK AHEAD:

**Tuesday:** We are planning on working on this day at the shops. We have many shabby things to do that could use your help. Meet at the shops starting 3:00 p.m. for those with a life in order enough to be free at that time or 5:00 p.m. for those with a too much order in there life that does not allow freedom of movement until after work.

**Thursday:** Continue work from Tuesday, we meet at the shops starting at 5:00 p.m.

**Saturday:** We have a number of projects to work on out on the line. Meet at the shops starting at 8:00 a.m. and we will get busy doing the good work of MOW.

See you out on the line,

John, Sandy, and Chris
