

MOW WEEKLY UPDATE!

5-10-11

Hello MOW folks, we have not been the most consistent these past couple of weeks with the MOW Weekly Update. But we do feel that it is important to update you at some point about MOW. So let's get to the updating.

WEEK IN REVIEW:

Tuesday: We worked in the shop and out on the line. First Gene worked in the shop with Marc putting light guards on the manlift. Meanwhile out on the line. Mike, Heather, Chris, Ron, and John all went behind the CSRM to do several things. First repair the motorcar, second fix rail movement on the turntable and third to fix an air leak on the turntable. Mike Taylor and his crew worked on weed control during the day and Sandy went up to Railtown to teach 214.

Thursday: We worked in the shop doing clean up and such.

Saturday: No MOW. Day off.

WEEK AHEAD:

Tuesday: We will be busy in the shops. So be ready to bend some wrenches. We may also be trimming some trees. We meet at the shops starting at 3:00 p.m. for those of a less labor intensive lifestyle and 5:00 p.m. for those who labor for a living.

Thursday: More work in the shops as normal we meet at 5:00 p.m.

Saturday: We meet at the shops at 8:00 a.m. for more wonderfully great times on the tracks of the Sacramento Southern Railroad.

See you out on the line,

John, Sandy, and Chris
