

# MOW WEEKLY UPDATE!

9/27/2011

Hello MOW folks and welcome to the weekly update! This is a slightly longer version of the MOW Weekly Update. Lots going on and lots happened. Let's get updating

## WEEK IN REVIEW:

**Tuesday:** We worked in the shop. Mike worked on the A6 motor car engine. Heather washed and waxed the fire truck. Richard

worked on switch targets, Sandy did sandy things, and Gene and

John drives the fire truck off the trailer at Folsom while Harry and John explain the operation of the vehicle. Chris is unhooking the wench while Jeff looks on.

Cliff worked on the weed mower.

**Thursday:** We loaded the fire truck.

**Saturday:** We took the fire truck to Folsom for their railfest. It was a full day of riding on the fire truck, visiting with visitors and having a good time. Thanks to all that participated.

## WEEK AHEAD:

**Tuesday:** We will be working in the shop as normal. Start time is 3:00 p.m. for those willing to be there and

Janet holds up a flyer while staffing the table with Jack, Clem, Al and his wife offer support in the background.

5:00 p.m. for those wishing to be there but still working.

**Thursday:** We will be working in the shop and out on the line starting at 5:00 p.m.

**Saturday:** The trains are not running this weekend so we will be very busy on the line. We are behind in our tie changing so it is all

Heather operates the fire truck while John points out the controls, Mike is waiting to safely get on the back platform. Jeff is standing on the side and Harry is sitting in the background.

hands on deck for heavy tie changing on Saturday. We will be starting at 8:00 a.m. meeting at the shops. Since the train is not running we look forward to your participation

See you out on the line,

John, Sandy, and Chris
